### **DETAILED ACTION**

1. Applicant's arguments, see pages 2,3, filed April 21, 2006, with respect to the rejections of claims 1-10 have been fully considered and are persuasive. The rejections of claims 1-10 have been withdrawn.

### ***Allowable Subject Matter***

2. Claims 1-10 are allowed.

The following is an examiner's statement of reasons for allowance: While the prior art does disclose a foil seal lamp having a protective coating on the metal foil and the outer leads, molybdate being used as a protective coating for metals, and crystalline molybdate being used as a corrosion inhibitor for metals in aqueous solutions, the prior art does not disclose providing a coating primarily of crystalline molybdate on metals, nor would it have been obvious to do so. Therefore, it would not have been obvious to one of ordinary skill in the art to provide such a coating on the metal foil and outer leads of a foil seal lamp as is claimed in claim 1. Claim 1 is therefore allowed. Claims 2-10 are allowed as a result of their dependence upon claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
